

Copyright by temicon

temilux®ID Pure from German temicon GmbH is an excellent choice for a broad range of luminaire solutions such as office areas, for pendants, signages and especially continued linear luminaires.

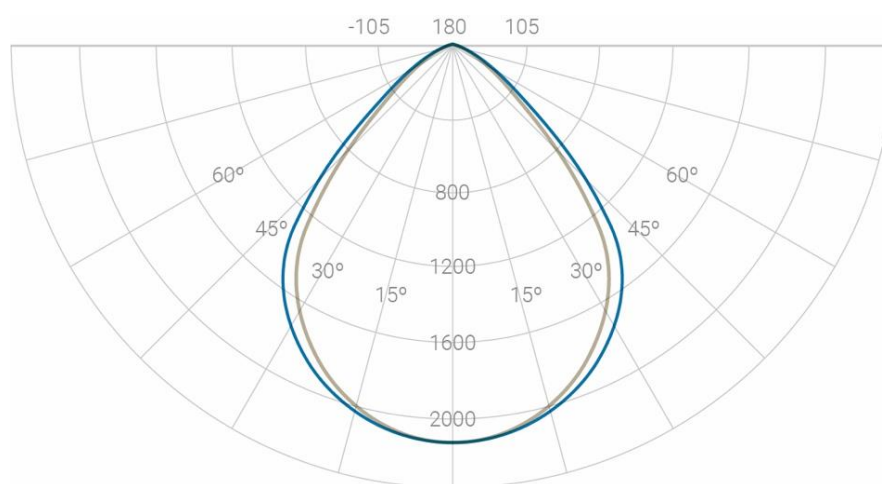

Advantages

- Invisible deglaring structure
- State of the art deglaring performance
- No color shift

This micro-prism offers a highly innovative state of the art deglaring function with excellent UGR values. The unique UV-imprint technology guarantees a 1:1 copy of the structure. Available in various thickness.
